Professional Accounting Sales

Each PAS office is headed by a CPA with practical experience in the accounting profession, one who has owned his own accounting firm. PAS understands accounting firms and practice sales as no other accounting sales consulting firm can, from the inside out. PAS generates results. We have around for over 30 years now, longer than any other accounting merger-acquistion organization! We have real offices serving you, not part-timers working out of their house as other brokers do. Many other accounting practice sales firms are nothing more than sleek looking internet sites listing practices that really do not exist.

PAS offers financing assistance of up to 100% of the purchase price to all qualified buyers on every accounting practice for sale with PAS. This allows the buyer to pay for an accounting practice over a longer period, generally 7 to 10 years, and allows the seller to basically cash out at the closing. No one else offers such a comprehensive program for accounting practice sales to both the buyer and the seller.

The Widest Exposure

We currently serve the entire U.S. with offices located nationwide. No one has the exposure that our firm represents. The data on your company will be sent to a select group of thousands of prospective buyers nationwide who have expressed a desire to locate to your geographic area. Your specific location and identity will NOT be disclosed.

Many Qualified Buyers:

We do not discuss your firm with prospective buyers who do not have the money, talents or sincere desire to run a practice like yours.

Complete Confidentiality:

Our staff knows to maintain your confidentiality at all times. Your employees, clients and competitors do not need to know that you are selling.

Save Time

We handle the inquiries, screen prospective buyers for acceptability, and introduce you only to those we feel might buy. We will screen away the tire kickers and those that are not serious about down payments, and fair terms.

Financing for Buyers

Through our private lending group we offer conventional bank financing to all qualified buyers, so many of our sellers may CASH OUT at closing. We offer 10 year terms to make the payments affordable to the buyer, giving them a greater incentive to use us rather than seller financing. Over 90% of ALL practices sold nationwide in 2012 were sold for CASH!
